Happy Halloween! And Happy Thanksgiving!

*Nancy and Roger Polhamus-Chloe and Clea
TDIA (PA)*

Dear Associate Members:

Have you noticed lately that all types of facilities and agencies are finally catching on to the benefit people derive from the interaction with dogs; for our purpose Therapy Dogs. Even though these words have been misinterpreted and used for different purposes, for us at TDI, where these words originated and have stayed the same, the work we are doing has not changed. We are posting some of our photos from our archives in this newsletter. Some of these photos were shown at our most recent meeting of the Board, to the attending members. They found it very interesting! The photos would be interchangeable with today's photos, except for different hair styles and maybe clothing. Going back in history one finds at the various times that dogs have always made a difference in the lives of people. It might not have been through visitations in various places where we go today, but the personal interaction has been there.

Over the years we have worked hard with the assistance of our associate membership to gain access to the various facilities to be able to bring joy and comfort to those in need of the interaction with a Therapy Dog. It has been a big responsibility to keep up our high standards through training requirements and selection of potential Therapy Dogs which we achieve for the most part with the help our dedicated Evaluators.

Going forward, we have to more then ever adhere to our rules and regulations and code of ethics. It took and still takes time to be able to have a large membership who adheres to our standards which have proven through time to be the right goal we must follow and improve.

Once our dogs are certified, they are no longer only pet dogs to be enjoyed by their owners and a small group of relatives and friends, they are now Therapy Dogs and depended on by those they visit at various facilities wherever Therapy Dogs are needed.

Increasingly there are more incidents whether men-made or natural where Therapy Dogs and their handlers who have undergone special testing and training are needed. These are our DSRD teams. Many more are needed! Please check out our website, maybe you would like to become a member of this special group who responds after a disaster!

Thank you caring enough to share your dog with others!

Best Regards,
Ursula Kempe
President

The Benefits of Forming a TDI Chapter

TDI Chapters are made up of TDI Associate Members, and provide Therapy Dog visits to their local community.

Some of the benefits of a TDI Chapter are:

- Scheduling visits for Chapter members to local facilities.
- Visiting facilities in groups with other TDI members.
- Participating in local community events such as parades, festivals, health fairs, and other activities.
- Having a strong local presence serves as an incentive to recruit new TDI Associate Members in the area.
- The residents of the local area will know that if they or a loved one is ever in need of a warm, caring Therapy Dog visit, they can be assured that one can be provided by their local TDI Chapter!

The Process of Forming a TDI Chapter

- We have included a Chapter Formation Application on the next page.
- You must have at least 3 current TDI Associate Members who are interested in joining.
- There must be 1 person who can serve as Director and 1 person who can serve as Vice Director.
- Chapters must renew with TDI on annual basis, but the process is very simple and does not entail a large volume of paperwork.
- Your application will be reviewed in a timely manner and upon approval, the Chapter will be assigned a Chapter number for identification purposes.

Paws Up!

We greatly enjoy publishing your Miracle Worker stories regarding the great work your dogs are doing and also information in our Paws Up! section regarding the awards or commendations you and your dog have earned through visitations.

However, we can only publish the information we receive, and we would love to see more submissions from the membership.

We strongly encourage you to submit your information for the next issue of the TDI Newsletter, so that it can be shared with the other members of the organization.

Saying Good Bye

All of us together, whether we know or have known each other personally or not, are and have been part of something which is good, is alive and growing. TDI has been perpetuating itself since the beginnings in 1976 so many are and have been part of this by adding to this "Building". The message of Therapy Dogs has spread. Through the dedication of people with their dogs, we are learning and understanding that there is so much more to be done for the good of all, whether it is for humans or for dogs. By contributing our work with the help of our dogs, all of us in our unique way, have and are making a difference for the good of all Mankind.

Thank you and Good Bye to you who have completed your work here on earth. You have left behind something which has made it worthwhile to have been part of in this world. You will be missed and remembered as having been part of something which is greater than any work of each individual alone!

THE RAINBOW BRIDGE

There is a bridge connecting Heaven and Earth. It is called the Rainbow Bridge because of its many colors. Just this side of the Rainbow Bridge there is a land of meadows, hills, and valleys with lush green grass. When a beloved pet dies, the pet goes to this place. There is always food and water and warm spring weather. The old and frail animals are young again. They play all day with each other. There is only one thing missing. They are not with their special person who loves them on Earth. So, each day they run and play until the day comes when one suddenly stops playing and looks up! The nose twitches! The ears are up! The eyes are staring! And this one suddenly runs from the group! You have been seen, and when you and your special friend meet, you take him or her in your arms and embrace. Your face is kissed again and again and again, and you look once more into the eyes of your trusting pet. Then you cross the Rainbow Bridge together never to be separated.

In Memory . . .

We are saying good-bye to the following TDI dogs. We will always be grateful for the contributions these dogs have made to the lives of others. A very special thank you to their owners for sharing these remarkable creatures with us and for representing TDI so well.

In Memory of Cody DSR Dog

Cody a great Therapy Dog and one of our outstanding DSR Dogs, has gone over the Rainbow Bridge.

Cody was a wonderful dog with a big heart. One could not help but love him! He was such a kind loving dog, giving his all. He and his handler Bob responded to many, many DSR missions. Cody was famous for giving his "signature" hug.

His service was so important, he will be missed so much, and he will never be forgotten.
