Happy Halloween! And Happy Thanksgiving!

Best buddies Midnight Moon and Robin always put a lot of effort into their Halloween costumes!

Dear Associate Members!

At this time I find it hard to write an editorial since there are so many subjects to talk about and I don't have all the answers people would like to hear. The concern is COVID-19 and the role of our registered Therapy Dogs. We cannot change the situation nor can we make rules which interfere with the law. Different States have different rules which must be followed by All.

No matter how many communications are sent out by TDI to you, our associate membership, there still are many questions asked while posting on our social media pages. To make it easy we will re-publish in this newsletter all of our communications in reference to preventative measures taken by TDI trying to keep everyone safe to the best of our knowledge.

Boredom of the dogs apparently is a big problem according to the photos and comments sent to us. There are so many things you can do with your Therapy Dog:

1. Brush up on your basic training. It is so important to repeat and repeat and work on the skills your dog had needed for passing our original testing
2. Learn how to keep in touch with the facilities you have been visiting. Some of you have done an excellent job. Please join our chat page on FB. It is there for you to exchange ideas with other TDI associate members. Everyone is in the same position right now. Some of you have done an excellent job in channeling your dog's activities without physical visitations in a different direction. Thank you for sharing!

3. Invent new games both of you can play and enjoy together. In a fun way you can very easily teach your dog new skills. In the seventies I had a pack of six German Shepherd Dogs. During bad weather when they could not follow their usual activities we all played (worked) together indoors (basement). One of the skills I taught them was to find things.

There are various skills needed for this game:

All of them in a sit-stay while you hide whatever you want them to find. It is like playing hide-and-seek. You can imagine everyone of them wanted to be first and some broke the sit-stay at various times. With a lot of patience and repeats they will learn no goal, without first doing what they are supposed to do, namely trying to find and of course wanting to be the winners. Once the all clear (Find It) was given all dogs ran around trying to (Find It). I still see them in my mind running, sniffing and looking. We all had so much fun!

So what did this accomplish?

Brushing up on obedience in a fun way sit-stay.

Teaching a new skill using their sense of smell to (Find It)!

I hope you try it, even if you have only one dog. There are so many other games you could play and still teach new skills and brush up on old ones. No need for your dog to get bored!

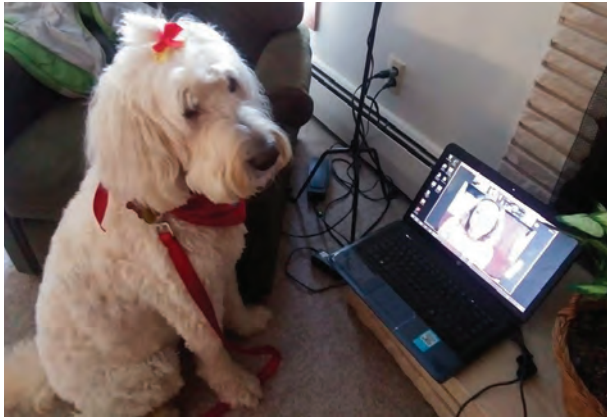

Thank you for all your work. Keep up your spirits by doing new things and above all, stay well!

HAPPY HALLOWEEN AND HAPPY THANKSGIVING!

Ursula Kempe

**#ActiveVisitingTherapyDogs
#TDIVirtualVisits**

Miss Mellie participated in a Zoom meeting with the Kindness Club of a local library!

**#ActiveVisitingTherapyDogs
#TDIWindowVisits**

Bond was able to do his first "window" visit today!

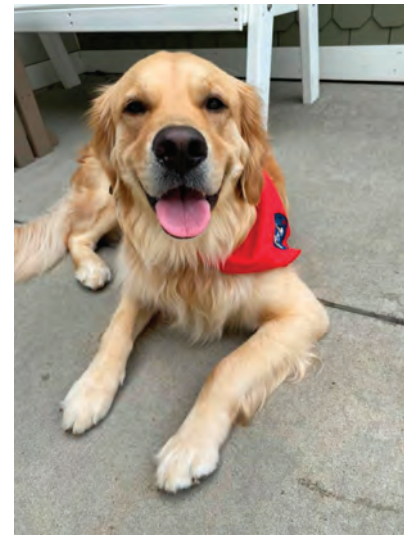

**#ActiveVisitingTherapyDogs
#TDIWindowVisits**

Sully had a wonderful time at his window visit and he is looking forward to visiting again soon!

**#ActiveVisitingTherapyDogs
#TDIVirtualVisits**

Fiona TDIEVA, all ready to be on a zoom call with the assisted living facility!

**#ActiveVisitingTherapyDogs
#TDIWindowVisits**

Mingo enjoyed his first assignment and first window visit! He was certainly a big hit!

**#ActiveVisitingTherapyDogs
#TDIWindowVisits**

Visiting in a different way!

**#ActiveVisitingTherapyDogs
#TDIWindowVisits**

It was a touching visit, as residents reached out to pet Lexi through the glass!

THE MIRACLE WORKERS

Maxi Max TDIEVA has been busy with his Zoom visits!

#ActiveVisitingTherapyDogs
#TDIWindowVisits

We did a window/door visit today!

Paws Up!

Carolyn Meltzer was recently named by Atlanta Magazine as one of their “Women Making A Mark” honorees. As a neuroradiologist, Carolyn is helping to develop the the next generation of women leaders in this male-dominated field. She says “For me, the most gratifying thing at this stage in my career is the development of the next generation of leaders in the field.” Carolyn has been a TDI Associate Member since 2003, a TDI Evaluator since 2004, and is currently registered with her Beagle Dudley.

The Therapy Dog Team of Doreen Monteleone and Molly have been named “Volunteers of the Year” by Stony Brook Medicine. Doreen and Molly have been registered with TDI since 2017 and have been visiting the hospital since March of 2019. Since in-person visitations with touching have been suspended, Doreen and Molly have been making virtual visits to stay in touch with everyone at the hospital who misses them.

Wear Your Mask the Right Way!

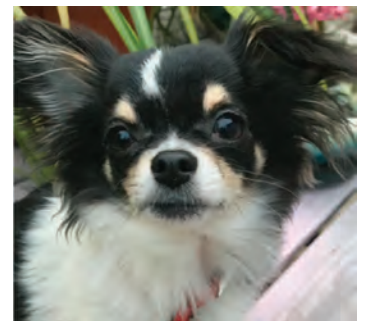

We want to acknowledge and thank two of our most active teams on our Facebook Chat Group.

First is Molly, owned and handled by Doreen Monteleone. Molly has been an inspiration by posting many creative photos and messages during the pandemic.

Second is Gizmo, owned by Frances DelSingore.

Even though he is not a registered Therapy Dog, Gizmo’s daily adventures have become a favorite and something everyone looks forward to each day.

Therapy Dogs International (TDI) Visiting Guidelines Taking COVID-19 Precautions (7/28/2020)

Until we learn more about how this virus affects animals, treat pets as you would other human family members to protect them from a possible infection.

Because there is a small risk that people with COVID-19 could spread the virus to animals, CDC recommends that pet owners limit their pet's interaction with people and other animals outside their household.

- Walk dogs on a leash at least 6 feet (2 meters) away from others.
- Avoid public places where a large number of people gather.
- Do not put face coverings on pets. Covering a pet's face could harm them.

There is no evidence that the virus can spread to people from the skin, fur, or hair of pets. Do not wipe or bathe your pet with chemical disinfectants, alcohol, hydrogen peroxide, or any other products not approved for animal use.

Talk to your veterinarian if your pet gets sick or if you have any concerns about your pet's health.

Visiting Without Touching

We urge you to get yourself tested for COVID-19. This should also help to make it much easier for all concerned. Let us get back to work, different, but also a challenge. Brushing up on your and your dog's skills and teaching some new ones should be fun for both of you. Let's go visiting!

Here are the instructions you have to follow

1. At this time some facilities will again allow visitors. Please communicate with the facility of your choice for information about their policy, which must be adhered to by you and your dog, the visitors.
2. We, TDI, have sent a letter to all the facilities registered with us (about 14,000) with information about our new visitation recommendations and guidelines.
3. Please study our new rules and regulations below for visitation during the COVID-19 crisis.

- At all times the government laws must be followed while visiting!
- Prepare yourself and your dog as always for a visit. (This information can be found in your Membership Guide)
- Attire of handler (add face covering for handler only) and dog must be worn as prescribed in our Membership Guide. ***No Exceptions!***
- Checking in at the Volunteer Registration Desk as always, except the rules of distance (6 feet) must be followed now.
- Explain to the volunteer coordinator and all involved how visitations will be conducted:

No physical interaction is allowed, no exceptions!

How to interact with your Therapy Dog without touching by keeping the proper distance?

The Handler introduces the dog.

The Handler will show off some of the dog's accomplishments and ***explains to the client how to tell the dog to follow their command!***

Say Hello (dog could lift the paw)

Heel

Sit

Down

Stay in Place

Roll-over

Weave

Jump through a Hoop

Even without touching and direct physical interaction, this type of interaction could be a lot of fun for the clients and the staff! The Therapy Dog most likely will enjoy performing for laughter and applause.

Absolutely no food allowed!

Suggestion at the conclusion of the visit the dog should hold a small sign or card with a large heart with the caption: "I Love you".

Window Visitation Guidelines (5/26/2020)

All TDI Rules and Regulations of conduct for an in-person visit still apply. This includes, but is not limited to the following:

- Only currently registered TDI dogs and handlers can be present.
- If you wish to virtually visit with more than one dog at a time, you must have passed a multiple dog test. A handler cannot participate with more than two dogs at the same time.
- Dogs must be wearing the proper TDI attire (bandanna, tag, etc).
- Dogs must be on leash.
- Facility must have an MOU on file with TDI and you must have been granted approval by the facility for you and your dog to participate. All facility rules must be followed at all times.

Additionally, all Corona Virus related guidelines and protocols, which are in place for your location, must be strictly adhered to. This includes the wearing of a mask, which we would strongly urge you to do during the visit.

As with a standard TDI visit, it is important to follow the Rules and Regulations at all times. These window visits will bring joy to those in desperate need of some happiness at this time. Please note that even outside of the nursing home property, it is still part of the facility, and the appropriate guidelines still apply.

Please remember that Federal and State Rules supersede all TDI Rules.

Virtual Visitation Guidelines (5/21/2020)

First, all TDI Rules and Regulations of conduct for an in-person visit still apply. This includes, but is not limited to the following:

- Only currently registered TDI dogs can participate.
- If you wish to virtually visit with more than one dog at a time, you must have passed a multiple dog test. A handler cannot participate with more than two dogs at the same time.
- Dogs must be wearing the proper TDI attire (bandanna, tag, etc).
- Facility must have an MOU on file with TDI.

Secondly, general guidelines for visiting a library can be found in our Tail Waggin' Tutors movie. If you are choosing the book, please check with the library to make sure it is appropriate for the children who will be present. We would strongly urge you to wear a mask during the visit. This sets a good example for the children and also helps to enhance the realism of the visit.

Remember, this activity will leave a permanent record of the virtual visit, so it is important to follow the proper procedures. In doing so, this can help create a productive and beneficial bridge to the time when in-person visits, with touching can resume.

Mandatory Suspension of Therapy Dog Visitations During The Corona Virus Pandemic (3/18/2020)

You previously received correspondence from Therapy Dogs International on 3/6/2020, which strongly urged you to suspended your visitations in response to the Corona Virus (COVID-19) Pandemic.

As of today our policy has changed and we are now making the suspension of all visitations mandatory. This means that you cannot participate in any visitation under the auspices of TDI at this time.

It is imperative that all of us follow the laws, rules, and guidelines put forth as it relates to this outbreak so that we can do our part in slowing the spread of the virus. You will be notified as soon as you are permitted to resume visiting.

Warning About Therapy Dog Visitations During The Corona Virus Pandemic (3/6/2020)

We felt it was our responsibility to send this information to all of our Associate Members at this time.

As you are most likely aware from the news, the Corona Virus (COVID-19) is currently spreading all over the world. Because of this, we are strongly urging you to temporarily suspend your visitations until more information regarding this outbreak is known. The touching and interacting that takes place during a therapy dog visit may contribute to the spread of the virus to you and to your dog, as well as anyone you come in contact with. Even following infection control guidelines and using wipes may not be effective in preventing transmission.

Previously during the MRSA outbreak, both a TDI handler and TDI dog became sick. If something were to happen in a facility you are visiting, you can be certain the blame will be passed along to your dog. We understand how important your visits are, so we do not want to do anything which might jeopardize them moving forward.

Therapy Dogs International must act with the best interests of everyone involved in order to protect the health of our dogs, our handlers, and those we visit. Please note that TDI's insurance does not cover any costs related to any illnesses that you or your dog may contract while visiting.

We will be sending an email to all of the facilities which have an MOU on file with TDI, to inform them that we have advised to you to suspend your visitations at this time. As more information regarding the Corona Virus becomes available, we will forward that along to you as well.

Saying Good Bye

All of us together, whether we know or have known each other personally or not, are and have been part of something which is good, is alive and growing. TDI has been perpetuating itself since the beginnings in 1976 so many are and have been part of this "Building". The message of Therapy Dogs has spread. Through the dedication of people with their dogs, we are learning and understanding that there is so much more to be done for the good of all, whether it is for humans or for dogs. By contributing our work with the help of our dogs, all of us in our unique way, have and are making a difference for the good of all Mankind.

Thank you and Good Bye to you who have completed your work here on earth. You have left behind something which has made it worthwhile to have been part of in this world. You will be missed and remembered as having been part of something which is greater than any work of each individual alone!

David Szerlip

Livingston, New Jersey

It is with great sadness that we share the passing of TDI's longtime insurance agent David Szerlip, who went over The Rainbow Bridge in July 2020. TDI had a longstanding relationship with David, which dated back to the late 1990s. His specialty was non-profit organizations, and as TDI was growing, he freely shared a wealth of information and advice. David will be missed, but we continue to work with the same company, which is now managed by his Brother.

Myra Judd

Scottsdale, Arizona

Myra was registered with Standard Schnauzer Chip from 1991-2000, with Standard Schnauzer Magic from 1998-2010, with Golden Retriever Pinky from 2000-2009, with Golden Retriever Liza from 2004-2009, with Keeshond Beau from 2009-2014, with Keeshond Luke from 2009-2015, with Golden Retriever Picabo from 2010-2020, with Golden Retriever Kate from 2012-2020, and with Border Collie Sizzle from 2016-2020. Myra also served as a TDI Evaluator from 2000-2020.

Terri Bryant

Browns Summit, North Carolina

Terri was registered with Basset Hound Sugababe from 2014-2019.

Dixie Keltner

Sequim, Washington

Dixie was registered with Mixed Breed Grits from 2003-2008, with Mixed Breed Jazz from 2004-2011, with Bearded Collie Izzy from 2009-2015, with Bearded Collie Elie from 2014-2016, and with Cairn Terrier Molly from 2015-2020.

Deborah Riendeau

Sonora, California

Deborah was registered with Siberian Husky Cierra TWT from 2005-2016 and with Labrador Retriever Maggie from 2011-2016. Deborah was also a member of TDI Chapter 186.

Sonja Shryock

Jonesboro, Louisiana

Sonja was registered with Mixed Breed Rusty TDIEVA from 2012-2017.

Elizabeth Sommers

Averill Park, New York

Elizabeth was registered with Golden Retriever Lucky from 1999-2004, with Golden Retriever Topper from 1999-2004, with Golden Retriever April from 1999-2004, with Golden Pyrennes Jed from 2014-2018, and with Golden Retriever Renny from 2016-2018.

THE RAINBOW BRIDGE

There is a bridge connecting Heaven and Earth. It is called the Rainbow Bridge because of its many colors. Just this side of the Rainbow Bridge there is a land of meadows, hills, and valleys with lush green grass. When a beloved pet dies, the pet goes to this place. There is always food and water and warm spring weather. The old and frail animals are young again. They play all day with each other. There is only one thing missing. They are not with their special person who loves them on Earth. So, each day they run and play until the day comes when one suddenly stops playing and looks up! The nose twitches! The ears are up! The eyes are staring! And this one suddenly runs from the group! You have been seen, and when you and your special friend meet, you take him or her in your arms and embrace. Your face is kissed again and again and again, and you look once more into the eyes of your trusting pet. Then you cross the Rainbow Bridge together never to be separated.

In Memory . . .

We are saying good-bye to the following TDI dogs. We will always be grateful for the contributions these dogs have made to the lives of others. A very special thank you to their owners for sharing these remarkable creatures with us and for representing TDI so well.
